**COURIER WILL GIVE
ELECTION RETURNS
FROM SPECIAL WIRE****Battle of Ballots All Over
U. S. to be Announced to
Connellsville****BY MEGAPHONE AND BULLETIN****Reports From All Sections of Country
to be Posted at Young House and
also Delivered by Voice From Street
and Floor of Building.**

Returns from the Presidential election will be announced by the Courier next Tuesday night. Special wire service from the Western Union Company will be established in The Courier office and a special operator will receive the returns as they are furnished from all parts of the United States. The Courier will post bulletins on the windows of the Young House, Main street, and megaphone announcements will be made from the second floor portico of the hotel. The Courier will keep Connellsville in touch with the voters' decisions in every State, from the time the first Eastern polls show how ballots were cast until every important move of the voters is announced. Fayette county returns will be posted with those of the State and Nation. The Elks Club also will receive the returns. A special wire from the Western Union will be run to the building. The Tri-State Telephone Company will receive the returns from the operators to announce the results to all who call. Complete returns will be sent from Pittsburgh to the Connellsville office. As announcements come over a telephone wire, they will be repeated into a transmitter with which a number of lines will be connected, serving subscribers with complete returns all at one time. The Bell Telephone Company also will provide special arrangements for Connellsville and Fayette county subscribers. The West End armory will throw election returns upon a screen in the Main street windows of their second floor. As fast as figures and other announcements come in, they will be placed upon a screen and sent upon a screen by a radio-phonograph.

TWO NEGRO SUSPECTS HELD**Broad Ford Colored Men Accused of
Attempted Larceny.**

Accused of attempting to rob an aged man in a Water street saloon last night, William Johnson and James Smith, negroes, both 22 years old and single, from Broad Ford, were sentenced to five days each in the lockup, by Burgess J. L. Evans, this morning. The charges against Johnson and Smith were suspicious actions and drunkenness. Burgess Evans first ordered each man to pay a \$5.00 fine or 48 hours in the lockup. When the patrolmen brought them to the lockup, Smith had tried to reach into an unidentified man's pocket, and that Johnson had been with him in a pursuit of the man along Water street. Burgess Evans then accused the pair of suspicious actions and drunkenness and ordered the negroes held. Patrolman Lowe made the arrests.

CONDUCTOR STOPS RUNAWAY.**Gray, of West Penn, Averts Accident
in Scottsdale Street.**

Special to The Courier.
SCOTTSDALE, Nov. 1.—What threatened to be a serious accident in the Scottsdale street celebration at Scottsdale last night, was averted through the action of Conductor Jeremiah Gray, of the West Penn railway.

Gray's car was standing at the waiting room about 10:30, when a horse, belonging to James Sharkey, dashed down the street. The horse started to run away in Scottsdale street, and by the time it reached the waiting room, had cut off both of the buggy and turned. The street was crowded with men, women and children and as the horse bore down upon them, it appeared as if a bad accident were unavoidable.

Conductor Gray showed his way to the front of the crowd, and by shouting and waving his arms, caused the horse to swerve directly in front of the car. In making the turn, the animal slipped on the pavement and crashed into the car, smashing the headlight. The horse was badly cut and bruised, and later was taken to a livery stable.

Killed by Fall of Slat.
Thomas Sanders, aged 30 years, was killed by a fall of slate in the mines of the H. C. Frick Coke Company, at Trotter, late Wednesday afternoon. After being removed from the mine, the body was brought to Funeral Home J. L. Stader's rooms and prepared for burial. Services were held this morning in St. Emily's church. Sanders is survived by his widow in the old country.

U. S. Holds Cleveland Steel Probe.
CLEVELAND, O., Nov. 1.—United States special examiner today departs in many cities in the Government's suit to dissolve the United States Steel Corporation. He called on the investigation scheduled in Cleveland in which five independent concerns had been summoned. A telegram from Special Examiner Henry P. Brown ordered all witnesses excused.

**PLANS FOR SHERMAN FUNERAL
TOMORROW ARE COMPLETED****President Taft and Other Federal
Officials to Attend; Wainmaker
Suggested as Successor.**

UTICA, N. Y., Nov. 1.—Arrangements for the funeral of Vice President James S. Sherman practically were completed yesterday. The services will be held tomorrow afternoon at 2 o'clock in the First Presbyterian church. Taft and members of his cabinet, Senators and Representatives, foreign diplomats and Government officials. The body of the Vice President will lie in state from 9 a. m. to 3 p. m. today in the rotunda of the County Building to permit the citizens of Utica to take a last look at their distinguished fellow-townsmen. With an escort of citizens, representatives of the Chamber of Commerce and other organizations with which Mr. Sherman was identified, the body will be taken from the Sherman home this afternoon and conveyed to the County Building, where it will rest upon a catafalque. The local military companies will furnish a guard of honor while the body is lying in state. At 3 o'clock a cortege will form and the body will be returned to the Sherman home. The County Building has been draped in emblems of mourning and flags, as have many of the business houses of the city. Business practically will be suspended during the funeral services tomorrow.

WASHINGTON, Nov. 1.—President Taft at noon yesterday, issued a public proclamation notifying the nation of Vice President Sherman's death, and requesting that all public officials pay special tribute to his memory on the day of the funeral. All government business probably will be suspended on that day.

PHILADELPHIA, Nov. 1.—Congressman J. Hampton Moore, leading the "left forces" in Pennsylvania, sent a letter to Republican National Chairman Hiram Bland last night begging him to call the National Committee at once to substitute the name of John Wainmaker, former Postmaster General, for Sherman. Moore believed that with Wainmaker as a candidate for the Vice Presidency, Pennsylvania would immediately be removed from the doubtful column.

Mr. Wainmaker refused to discuss his course in the event of the nomination being offered him, but his closest friends say he will accept. He admitted he has received letters bearing on the subject.

**SULTAN FEARS MASSACRE AND
RIOT BECAUSE OF DEFEATS****Victory of Balkan Troops Leads to
Apprehension of Partition
of Empire.**

United Press Telegram.
ATHENS, Greece, Nov. 1.—A Greek torpedo boat sank a Turkish cruiser in the Gulf of Salonika last night, according to a message received here today from the Greek government. The Sultan's advisers are in terror of a massacre, not only of foreigners but of the entire non-combatant population of Constantinople and the setting of the city. It was stated in messages received here today from the Turkish capital. If the Ottoman troops are driven back into the city, it was pointed out, they will be in such a position that the situation may be expected from them. Their officers were already to be looking control over them, it was said, and they are beginning to feel that the empire is doomed and that every man had better take what he can and care for himself in the future.

SOFIA, Nov. 1.—The Bulgarian capital was gripped over to a carnival of rioting today, the people believing that the war with Turkey is practically over. The masses do not understand the danger of the interference by the powers and assume that the whole of European Turkey will be divided up among the Balkan allies immediately. The only depressing features were the news of enormous losses at the front and the arrival of the wounded. They came in by thousands. The hospitals were quickly overflowed. The wounded were not enough doctors and the medical supplies were soon exhausted. Privately all of the female population has volunteered as nurses. General Savoff, who led the Bulgarians, was the hero of the hour. His popularity seems to be greater than even that of Tsar Ferdinand. Cheering crowds surrounded pictures of him.

NEAR-RIOT AT POLE-SETTING.**Scottsdale Hotelman Causes Reaction
by Jumping in Hole.**

Special to The Courier.
SCOTTSDALE, Nov. 1.—The setting of a pole at Pittsburg street and Broadway caused excitement here, yesterday afternoon, and nearly brought on a riot as a fireman said: "Jumped him, what?" J. P. Connor of the New Scottsdale House, stepped into the hole to keep the pole from being placed.

Connor, after he was pulled out, said, had held him. Justice S. R. Rutherford will hold a hearing next week in the case.

The setting of the new pole will result in removing several others and straightening the maze of wires at the corner.

Reports for Cottage State Hospital.
Miss Rebecca Clowes, superintendent of the Cottage State hospital, this morning submitted the following report for the month of October: Number of patients at the beginning of the month, 16; admitted, 43; discharged, 33; died, 2; remaining, 24; outside patients treated, 10; remaining, 39.

**ALL'S READY FOR

THE WEATHER MAN****Greatest Local Fete of Kind
Awaits Action of Elements
Tonight.****THREE BANDS IN PROCESSION****Arrangements Complete for Celebrat-
ing Ancient Custom in Safe and
Stimulating Parade Form at 7:30.
Prizes to be Awarded.**

Connellsville's greatest Halloween will be celebrated tonight. If the weatherman becomes as enthusiastic as local musicians, and donates a sky that will not leak. The last work in preparation for the big parade has been the drilling of the bands. The parade will start at 7:30 o'clock from Greene and Pittsburg streets. The parade will be in the form of a procession. The parade will be in the form of a procession. The parade will be in the form of a procession.

The executive committee expects to have the parade start at 7:30 o'clock from Greene and Pittsburg streets. The parade will be in the form of a procession. The parade will be in the form of a procession. The parade will be in the form of a procession.

Band No. 1 will lead the parade, followed by the Connellsville school children. Band No. 2 will be next in line, followed by the South Connellsville school children, and all other members will form on Pittsburg street, west of Green. The pupils from South Side schools will form on Greene street, east of Race. Vehicles will form on Green street, west of Pittsburg.

At the parade's conclusion the parade will pass through the Fourth Ward school house, where 2,000 doughnuts and three barrels of apples will be distributed.

Red fire will illuminate the procession and in the neighborhood of 1,000 torches will be distributed by J. O. Keassey and assistants. Burgess J. L. Evans has issued orders to prohibit the throwing of tannin powder and confetti on the parade. The parade will be in the form of a procession.

John Pyrdol, a son, said today he and others of the family had trapped many mice and rats in many places. He said the family was going to have a party and he had refused to return her hat. He paid \$5 damages and costs.

No Bar to P. & L. E. \$200,000 Work.
The Pittsburg & Lake Erie Railroad Company will push the \$200,000 improvements at Dickerson Run, as all property holders have settled differences. The last two to settle deals with the company were John C. Black, postmaster and merchant, and Theodore Green, an engineer.

Log Drag on State Road.
The split log drag will be used on the State road between Connellsville and Pennsville by Jay Davis, in charge of repairs. The drag was used on the Pennsville hill, last spring, with good results.

Woman Forgets; Purse is Stolen.
Hanging her pocketbook with \$35 on a Pittsburg street doorknob to adjust packages in her arms, Mrs. Charles F. Raymond, of Ogden street, forgot and walked away without her money. When she returned, a few seconds later, the pocketbook was gone. It held three \$20 bills, several fives, small change, and a Citizens National Bank book.

Italian Mission a Success.
The mission at Our Lady of Mt. Carmel Italian Church was well attended today. R. B. Blakely, director of the Italian Apostolate of New York City, is in charge. The mission opens at 8 o'clock A. M., and the last mass is at 10:30 A. M. Services will be held this and tomorrow evening. On Sunday, the mission will close.

**HALLOWE'EN DAY OF
PACIFISM, PEACE
OF PRAYER AND OF FETE.**

People of Connellsville, in celebrating Halloween or the day of the dead or the day of the fete, will become pacifists for the nonce. The observance is a relic of the nontheism of Morrie England. This has been a religious observance known as the vigil of All Hallows or festival of All Saints, which synchronizes with the Catholic observance of All Saints Day, today.

**RAILWAY CLAIMS MENACE, DUE
IN PART, TO ROADS' NEGLIGENCE****Expert Tells of Increase in Damages
Caused by Faulty Equipment
and Carelessness.**

A veteran claim man says that the "lines and damages" account like that of "maintenance of equipment" is a great and growing menace to the successful operation of railways in these days, since the major portion of it is predicated upon lost and damaged freight. In the 10 years last past, according to the authority cited, the loss in question has increased not less than 50 per cent.

A considerable number of elements enter into the untoward condition referred to, according to this claim agent. Improper packing is one, for instance, and misdirection by shipping clerks and carelessness on the part of station clerks are others. But he charges the railroads themselves with responsibility for a very large proportion of it because of faulty-designed cars and because of the use of inferior material in the construction of the cars.

The kitchen has been moved to the third floor, and dumb-waiters connect with the hall for service at breakfast. In the basement the shower bath will be arranged better than heretofore. The business men's lounge will be segregated from those of the younger men. The boys' lockers will be on the gymnasium balcony. Throughout the building will present a new appearance and will be lighted by a better electric system.

Secretary Brier is enthusiastic over the outlook and anticipates greater interest in Y. M. C. A. work here.

THOMPSON BUYS GIFFENE COAL.

**Price for Land in Cumberland Town-
ship \$600 an Acre.**

Sales of coal acreage in Greene county have been rather quiet this week than for some time. J. V. Thompson of Uniontown has purchased from Thomas B. Christopher and wife, of Cadiz, O., 190 acres and 46 perches of land, comprising 1-144 interest in the township, Greene county, at \$600 per acre, total consideration \$114,320.50, and from Elizabeth U. Mattiford, one-ninth interest in 222,464 acres of Pittsburg coal in Perry township at \$280 per acre; total consideration, \$62,211.20.

Henry Jacobs of Washington, has sold to William D. Jacobs, of Mechanicsburg, Pa., 47,151 acres of Pittsburg coal in Richhill township; consideration \$1.

A deed has been filed for record by which John E. Carter, of Vaynash, Pa., conveyed to Margaret H. Carter, of Vaynash, Pa., 1-144 interest in the "Morris Township coal block," amounting to 61,965 acres; consideration \$17,745.62.

U. S. Steel Gains \$2,248,171.

The financial statement of the United States Steel Corporation for the third quarter of the calendar year shows total earnings of \$30,053,513 and net earnings of \$9,777,465 representing gains of \$1,091,257 and \$2,348,171, respectively, compared with the preceding quarter. The surplus for the quarter amounts to \$2,434,891 against \$50,483 three months ago.

Glass Brick Personality for Sale.

The National Glass Brick Company's personal property in Dunbar township, is advertised for sheriff's sale at the suit of William A. Pondleton & Brothers and others. Listed on notices are 60,000 glass bricks, machinery, office equipment and proposed patent rights. The sale will be November 7.

James Mikalarias to War.

James Mikalarias, of the Boston Candy Kitchen, will leave for New York City Wednesday, and sail for Greece, November 12, for the war with Turkey. Mikalarias believes the war has resolved into a religious light.

Limited to 100, None Be-
low Age of 12.****CLUBS OF EIGHT TO BE FORMED****Physical, Intellectual, Moral and So-
cial Work to be Led by High School
or Laboring Youth; Extensive Re-
sults are Almost Complete.**

A number of radical changes in Y. M. C. A. regulations have been recommended by Secretary E. C. Pace to the board of directors. All probably will be adopted and enforced with the completion of the remodeling work in the building on South Pittsburg street.

Proposed changes are: Segregation of all boys from men; no boys below 12 years accepted; number of boys members limited to 100; organization of boys into clubs of eight each, giving each club a High School or a working boy as leader in physical, intellectual, moral and social work; all membership fees to be paid in advance. Changes from past customs were decided upon by Sec. E. C. Pace after the conference with Mr. Merriam.

Carpenters and painters are almost through with their work in the local building and the re-furnishing of the rooms will be complete in a few days. The boys, on entering the building, will turn to the left at the top of the front stairway into their rooms. A canteen table will be placed in one room as an addition to various amusements.

A room, formerly used as a kitchen, will be transformed into a men's reading room, and a billiard table will be put in the men's recreation room. In the hall portable screens have been placed to shut off part of the room for a boys' workshop or to be used to make separate rooms for the boys' Bible classes.

The kitchen has been moved to the third floor, and dumb-waiters connect with the hall for service at breakfast. In the basement the shower bath will be arranged better than heretofore. The business men's lounge will be segregated from those of the younger men. The boys' lockers will be on the gymnasium balcony. **ALIEN MINERS EYE ELECTION
PENDING RETURN TO WORK****Mine Inspector at Chandler Tells of
Unprecedented Prosperity and
Labor Shortage.**

That uncertainty as to the result of the coming presidential election has something to do with the shortage of labor in the mining districts is the contention of Mine Inspector F. W. Cunningham at Chandler. He said today: "Such a shortage of labor is unprecedented. There is an unusual demand for coal. Excellent wages are paid. A miner can make as much as he wants. I have known machine men to receive as much as \$200 a month lately."

All coal mines fronting the Monongahela River are covering the territory in their operations on both sides are running to the fullest capacity in the section between Rices Landing and Monongahela. In the 21st district approximately 1,000 additional men could be put to work, according to Inspector Cunningham. The output is enormous, both railroad and river shipping facilities being taxed to their utmost. A remarkably busy month is reported at Lock No. 2, the average daily shipment of coal nearing the exceptional mark of 800,000 bushels. Mines in the vicinity of Brownsville and the coke region back of Brownsville, and in Fayette county need more labor.

At West Brownsville the Lilly Coal & Coke Company is building a scotch pier in the river preparatory to erecting a monster steel tippie. An opening will be made as soon as possible, but it is not likely that the actual running of coal will be started for eight or 10 months. This mine will become one of the largest fronting the river. It has holdings of approximately 800 acres.

FLINN IN FILMS TALKS**Regenerated Bull Moose Leader Speaks
at Uniontown Meeting.**

Uniontown's Halloween celebration held more attention for the voters there than the Bull Moose meeting in the West End theatre, last night. A few leading citizens and their wives sat in boxes, but they had less than 100 seats. The speaker was the "Ram" of William Flinn, of Pittsburgh. Perhaps a dislike for the Bull Moose party had much to do with the small attendance and its fairly frank confession he fired the bullet which struck Minard, but claimed it was accidental. The boy showed grief because of the shooting. He insisted he and Minard were friends and that the accident would not have occurred had the misstep into the ditch not happened.

Young Minard worked with his father at the Percy plant of the H. C. Frick Coke Company. The boy was popular and was a teacher of a large Bible class in the Percy Methodist Episcopal church. Besides his parents, he is survived by three sisters; funeral services Sunday afternoon at 3:30 o'clock.

COAL COMPANY TWICE SUED.**William Beal Alleges Fraud and Wife
Violated Agreement.**

UNIONTOWN, Nov. 1.—Two suits were filed this morning by William Beal against Attorney D. F. Fulton, his wife Lucy Fulton, and the Jacobs Creek Coal Company. In the first, Beal claimed \$24,000 from Fulton as the result of an agreement for the operation of the coal company. Beal alleged Fulton failed to carry out his agreement.

Search in Uniontown Falls.

Mrs. Charles Copp, who before her marriage two years ago last June was Annie Benn, is being sought by her father, who resides at 7 Oakwood avenue, Pittsburg. According to the ancient father, his daughter eloped with Copp. Christmas two years ago, Annie sent me and the boys presents," declared Benn today, "the package coming from the vicinity of Uniontown, Pa." A letter to the girl at that place soon thereafter was returned to Benn, and since that time her whereabouts have been a mystery to the father.

Collar Nozzle for Fire Department.

A new wrinkle in firefighting equipment—a collar-nozzle, has been added to the Connellsville apparatus. The latest addition is designed for fighting cellar fires. The instrument, in the form of a wheel, is attached to the nozzle of a hose and is revolved by water pressure, forming a spray. The nozzle was tested yesterday morning at the western end of the bridge spanning the Kaugh river.

"Wilson and Marshall" Day Tomorrow.

Wilson and Marshall day, tomorrow, will be celebrated by the Connellsville Democrats with a rally at the South Pittsburg street headquarters. Speakers will be Attorney Charles A. Tuller and John D. Carr, of Uniontown. President A. O. Bixler anticipates a big crowd.

As the result of a shooting, claimed to have been accidental, near Percy Methodist Episcopal church at 9 o'clock last night, Wyland Minerd, 18-year-old son of Mr. and Mrs. George Minerd, of Percy, was almost instantly killed. He died a few minutes later in the Yurley home, where he had been carried.

County Detective Smith, of Uniontown, was called to investigate and placed in custody, Dennis Matthews, Jr., 14-year-old son of Dennis Matthews, of Percy, and Ray Cole, a slightly older boy. Each had had a revolver at the time Minerd was shot. They were held to await the decision of the coroner's jury, late today.

The shooting came in the course of a Halloween celebration. According to the story, a boy stepped from a group of mummies to fire a revolver into the ground. Walking backward, he plunged into a ditch as he pulled the trigger. The sudden drop of his body threw him arm upward, and the bullet struck a masked parader in the body. He recoiled and fell. Tearing away his mask, Wyland Minerd was revealed.

News of the shooting attracted a crowd. Seeing the boy was sinking swiftly, several men carried him to the Yurley residence. A physician was summoned, but Minerd's condition was hopeless. Minerd's parents were grief stricken upon word of their son's death. They were anxious to have the body brought home, and it was taken there by Undertaker J. S. Burhans, of Dunbar, by permission of County Detective Smith, at 3:30 o'clock.

In the investigation of the shooting, Detective Smith learned that both young Matthews and Cole had had revolvers in the parade. The Matthews boy, however, is said to have frankly confessed he fired the bullet which struck Minerd, but claimed it was accidental. The boy showed grief because of the shooting. He insisted he and Minerd were friends and that the accident would not have occurred had the misstep into the ditch not happened.

Young Minerd worked with his father at the Percy plant of the H. C. Frick Coke Company. The boy was popular and was a teacher of a large Bible class in the Percy Methodist Episcopal church. Besides his parents, he is survived by three sisters; funeral services Sunday afternoon at 3:30 o'clock.

SOCIETY.

Mrs. Teche's "At Home."
 Exquisite appointments prevailed at a large and brilliant "at home" which Mrs. W. K. Teche was hostess yesterday afternoon at her home on East Main street. The Teche home was only one of a number of fine appointments and the yellow and white color scheme made a striking contrast with the handsome and elegant furnishings of the different rooms. Huge bouquets of chrysanthemums and many ferns and palms were artistically placed in all the rooms on the first floor and in the sun parlor on the second. A very attractive scene was presented in the parlor and her sister, Miss Gertrude Matton, of Lancaster, received in the parlor. The aides were Mrs. J. Donald Porter, Mrs. J. M. Young, Mrs. W. L. Wright, Mrs. Charles Frank, Mrs. R. S. McKee, Mrs. W. O. Schoenover, Dr. Katharine Winkler, and Misses Mary Alice Atkinson and Sarah Porter. Conspicuous by a banking of ferns and palms was the entrance which rendered a delightful program throughout the afternoon. Mrs. Elizabeth Mae Brown rendered several vocal solos in a charming manner. The same color scheme was carried out in the refreshments. Among the out-of-town guests were Mrs. L. L. Enton, Mrs. J. P. K. Miller, Mrs. W. H. Cluney, Mrs. M. C. Cluney, Mrs. Frank Conway, Seattle, Mrs. Frank Soles, McKeesport; Miss Anna Hayward, Fredonia, N. Y., and Miss Walker, Greenville, Pa.

For Epworth League.
 The Epworth League of the Methodist Episcopal church of Connelville, will hold a post-Halloween party this evening at the home of Mr. and Mrs. M. T. Trout on East Main.

For Trinity Rally.
 Rally day will be observed Sunday morning in the Trinity Lutheran Sunday school as a climax to a five weeks' campaign for the Trinity Lutheran church. There will be special music by the church's orchestra and a school drill in the form of questions and answers on the life of Martin Luther and the work of the church. Fathers and mothers of the school are invited to attend the organized adult Bible classes for the rally. At the close of the meeting the confirmation class of Easter, 1912, will meet in the church for a service for a remission of all the Easter classes instructed and confirmed by the Rev. J. B. Borsess, during his pastorate.

Children's Birthday Party.
 Mr. and Mrs. John Lewis entertained at a well arranged children's birthday party, yesterday afternoon, in honor of the fifth birthday anniversary of their son, William. The house was filled with guests. The birthday cake was served. The center of the table was decorated with a birthday cake bearing five lighted candles signifying the age of the little honor guest.

Women's Entertainment.
 The women of the members of the Woman's Club were entertained last evening at the home of Mr. and Mrs. E. G. Hall on East Main street. The menu of the club was changed from mothers to the women's club. The club meets on alternate Saturday afternoons and takes a year, the husbands of members are invited to attend. The affairs are always in the form of a Halloween party and a dinner. Twelve members and their husbands were present last evening and had a delightful time. Halloween decorations were handily carried out and all kinds of Halloween games were the amusement of the evening. A well appointed luncheon was served. Jack-o'-lanterns were placed in all the rooms. Later on the evening were given by Mrs. Cotton and J. M. Cech. Among the guests were Mrs. Timpan, a new member, and her husband.

For Memorial Bible Meet.
 Bible conference beginning Saturday evening, November 2, and closing Sunday evening, November 10, will be held in the Memorial church at Connelville. NEWTON GIRL.

Pale, Run-down, Anemic—Restored to Health by Vinol.

Miss Katharine Burns of Newton, Mass., says: "About six months ago I was in a run-down condition and my blood was very poor. I had taken several medicines prescribed by physicians, but they seemed to do no good. Finally Vinol was recommended and from the first bottle I noticed a great improvement. I have taken six bottles and feel strong and as well as ever."

Vinol is the greatest body builder and strength creator we know of. It is the curative element of the code liver, added by the blood-making strengthening properties of iron from contained in Vinol, restore the lacking ingredients to the blood, and the result is health, strength and vigor. If you need building up try a bottle of Vinol with the understanding that your money will be returned if it does not help you. Graham & Company, drugists, Connelville, Pa. Vinol is sold in West Side by Fred H. Harman.

Continence Pioneer, 69, Dead.
 CONFERENCE, Nov. 1.—A. N. Thomas, aged 69 years, one of the oldest and foremost citizens of this place died at his home here at 2 o'clock this morning. He had suffered stomach trouble for some time. A few weeks ago he had gone to Battle Creek, Mich., but had returned unimproved. An operation in the Mercy Hospital, Pittsburgh, failed to relieve him. Tissue was taken and reared on the site of Connelville. For many years he was active in church affairs and lately was school director. He served in the Civil War and was a familiar figure in local G. A. R. circles. He was three times married. His third wife and four children, Mrs. J. C. Lowery, Somerset, Mrs. Frederick Ansteth, Philadelphia; Mrs. N. L. Kennedy, Mt. Vernon, N. Y.; and Harvey B. of this place, survive. Funeral services will be held Sunday afternoon at 2 o'clock in the residence by the Rev. C. W. Hoover, of the First Methodist Episcopal church, in Connelville cemetery.

Funeral for James Davis.
 The funeral for James Davis will be held Sunday afternoon, at 1 o'clock from the family residence on East Fairview avenue. Services will be held at 2 o'clock from the Mt. Olive church, in Connelville cemetery. Interment in Mt. Olive cemetery. Youngbloods Lodge No. 302, B. of L. E. and E. will attend.

Dr. O. V. A. M. Gives Dawson Flag.
 Dawson public school will be presented a flag by Dawson Council, Jr. O. V. A. M., at the Dawson opera house, tomorrow evening. The presentation will precede a program arranged by pupils of the school.

Crowds Laugh at Davidson's "Com."
 Crowds, the last few days, have gathered at the show window of the J. R. Davidson Company, Main street, to laugh at the antics of a young man, a part of a fine Halloween display.

Woman Accused of Murder.
 CHICAGO, Nov. 1.—"Conny" killed her. He struck her on the head with the door-knob and then, she said, she could not give the child the milk. This was the statement gained from Beatrice Ryall by police officers, today, after five hours' grilling, in connection with the murder of Sophia Singer, the infant of Harry Gump, Conny, who will be interrogated as soon as a detailed statement is signed by Miss Ryall, who said he had planned to rob Miss Singer to get money for an operation on his leg.

What About Speculation.
 An experienced broker just as he retired from business made this significant statement: "I have never known a business man to speculate successfully for two years in succession." The fall of many a man may be traced to speculation. It is not safe for the man or woman who has only a little surplus money to take the risk of speculation. A bank account is safe and far more convenient. The Citizens National Bank invites interest-bearing accounts in any amount. 133 N. Pittsburg street—Adv.

P. R. R. to Teach Electricity.
 The Pennsylvania Railroad Company proposes to give employees a course in electrical engineering, free of charge. Electrical engineers are used on the eastern lines of the Pennsylvania and are meeting with success in light hauling. The company is anxious that all employees should have a knowledge of the electrical system of operation and will give all an opportunity to become acquainted with the work.

VANDERBILT HALLOWEEN GOOD

Celebration Exceeds Expectations and Passes Without Mishap.

Special to The Courier.

VANDERBILT, Nov. 1.—The Halloween celebration in Vanderbilt last evening was a success. The parade was fantastic and witnessed by the largest crowd in Vanderbilt for some time. Many persons from surrounding towns attended the celebration. The costumes included those of cowboys, Indians, Goddesses of Liberty, Red Cross nurses, negroes and soldiers. All showed originality. Order prevailed throughout the evening, and the celebration passed without an accident.

The parade headed by the West Side Indian Band, formed in front of Dr. G. H. Roberts' home and proceeded to the East Liberty school, and from there by way of the State road, to the Connelville Company store. The parade disbanded at the W. J. Rainey Company store, and refreshments were served.

The committee on prizes, composed of Mrs. C. T. Roberts, Mrs. J. H. Harter, Misses G. E. Aaron, Elias Bell and J. White Madden, put in the parcels of the Hotel Vanderbilt and awarded the prizes. Chief Marshal O. Gray and his aids were stationed along the line of march to guide the children.

The citizens of Vanderbilt are enthusiastic over the success of the celebration, and next year, will celebrate on a larger scale.

HELPFUL SERVICE.

Something Up-Ins Men Should Consider in Selecting a Bank.

"When a business man is selecting a bank, his ability to furnish him with such financial aid as he may need for the proper care and expansion of his business should always be considered. Many a bank that is willing is not able to take care of the proper requirements of its customers. That is why it is always wise to have an account where you are sure of every loan and discount in keeping with your balance and responsibility—at The First National of Connelville. For instance, which with resources of over \$2,500,000 is able to give all its customers the helpful service that makes for success—Adv.

Train Kills Two Near Greensburg.
 Two persons were killed instantly at 5:25 o'clock last evening at a grade crossing at County Home Junction, one mile south of Greensburg, by train No. 118, northbound, on the Southwest branch of the Pennsylvania railroad. The dead are Harry Gump, aged 48, of Greensburg; leaves a widow and 10 children; Louis Cohen, aged 18, of Greensburg, unmarried. The two men, who were hucksters, had been at Youngwood and were returning in a two-horse wagon.

The Gold Dust Twins' Philosophy

WHEN young Miss Housewife first aspired, to build the home her mate desired, she dreamed of castles in the air, with never a thought for the work that was to be done. She half imagined, in a way, that keeping house was only "play."

Too soon the sordid side of life—the dust and grime and soot and strife—each one, in turn, reminded her, that little problems must occur. A part of thrift is in the knack of fighting dirt around you, back; of keeping constantly at work where dust and germs of illness lurk.

This housewife had her little cry, gave up—and scarcely knowing why. Then, from the sombre clouds of doubt, two rays of golden hope crept out. The Gold Dust Twins threw wide the door and entered, eager for a chore. They polished all the silverware, they scrubbed the bathroom and the stair. Each mirror soon was shining bright, and all around, from pit to dome, they glistened up that little home.

Another National Campaign "Beat the Dirt."

Ab! Ye who feel that, once begun, a housewife's work is NEVER done, have cheer! The Gold Dust Twins make play of any task that comes their way. A mop—a cloth—a busy brush, and honestly it makes us blush, to think we ever played the drone by working in the house alone.

SMITHFIELD.

SMITHFIELD, Nov. 1.—W. L. Stewart has compiled and had printed in pamphlet form a history of the directors of the school, as well as an account of the students, teachers and interesting account of the reunion of the school held in Morgan's Grove the 12th day of last August. The writer is indebted to Mr. Stewart for a copy of the same, which he presented when in town yesterday with a request that the writer make it known through the columns of The Courier that the pamphlet would be sold to any one desiring a copy. The proceeds will be used to buy a chair and a luncheon to be presented to the surviving teachers on their birthday. Commencing with the oldest he is to retain the furniture during his life time, and as no one died the last survivor. The first beneficiary will be J. W. Showalter of Smithfield, who will be 91 years old November 8, at which time the venerable teacher will with appropriate expressions be presented with three well thought of tokens of esteem by members of the school. Any one desiring to have a part in this gift can do so by procuring a copy of the history from W. L. Stewart, R. D. No. 8, Smithfield, Pa., for the small sum of 50 cents.

MOTHER TELLS OF RECENT EXPERIENCE

Excellent Result Obtained in Remarkably Short Time.

"You can say that I am a very happy woman," writes Mrs. F. A. Madon, of Pittsburgh, well known in Conneville, "for the good your remarkable medicine has done my 6 year old boy. He was troubled with a weak bladder ever since he was born, and after he had the whooping cough and scarlet fever, he wet the bed more than ever. He was nervous and cranky, did not seem to take on flesh as a child of his age should, but was otherwise a healthy child. "I got a dollar box of URL-STOP a short time ago from A. A. Clarke and am glad to tell you that it has greatly benefited my boy, and I believe that this second box will be all that will be needed to effect a permanent cure. "Comparatively few realize that a large number of children among those who live in large cities like Conneville are afflicted with bed-wetting and kindred bladder troubles in a more or less aggravated form, and that something should be done to overcome their trouble. URL-STOP will act in such cases like a true specific; from the moment it is taken improvement is usually rapid. Many people who bought URL-STOP when first introduced by A. A. Clarke, have reported astonishing results. The great amount of good which seems to have been accomplished in cases for considerable excitement by those who have seen its wonderful work. Case after case of children given up by the local doctor is being cured in Conneville and the results have been astounding in nearly every instance. Only a fair test is required to convince anyone of its unequalled value as a harmless remedy for bed-wetting. Price One Dollar per box. The manufacturers of URL-STOP are so confident of the curative value of URL-STOP that they have agreed to return the purchase price if not entirely satisfactory. A. A. Clarke, Local Agent—Advertisement.

WHY CONNELLSVILLE OPERATORS STICK TO BEEHIVE OVENS

And Have Thus Far Refused to Consider the By-Product Type.

WHAT AN OLD OPERATOR SAYS

By-Product Oven Recovers All Waste, But Oven Is Very Expensive and Market for Gas Uncertain at Old Plants Change Would be Folly.

There have been various reasons assigned by numerous writers more or less familiar with the Connellsville coke region, explaining conditions why the beehive oven could not be replaced by the by-product variety, but it has remained for the Pittsburgh Industrial World to advance the theory that the lack of by-product ovens is responsible for the present absence of Connellsville coke out contemporary ways.

"Did one of the master approach of the day of the by-product coke oven is found in the position of the Connellsville coke region in the present market. Notwithstanding the fact that the pig iron production is still under the high tonnage mark established by the furnaces three years ago, the Connellsville region has fallen short of filling the demands of the industry for furnace coke. Connellsville, producing a little under 400,000 tons a week for all purposes, announces that is the maximum for the present, though the history of the region shows weekly outputs of above 500,000 tons.

"The truth in the coke situation is that new coking plants, by-product or otherwise, have not been built in this section in the past three years in sufficient capacity to replace the plants worked out and abandoned in the Connellsville region in the same time. The situation is not all explained by the old excuse of shortage of labor. There has been a definite letting off in available supplies of coking coal in the district part of the Connellsville region.

"When the better steel-making and furnace's intercept take up in earnest the study of coking coal mixtures for by-product ovens, then we will have the beginning of the solution of the coke problem."

Then, really, the by-product coke oven is the modern coke oven, but in the Connellsville region particularly the operators cling to the old beehive oven, and the Connellsville operators are for the most part very practical men. One of them made the following explanation:

"It is true that there is a great waste of by-products in beehive oven coking, particularly the gas; but the value of this gas depends entirely upon the market for it. For many years the Connellsville region has enjoyed the comfort of cheap natural

DRAPE BROCADE.

Beautiful gold and black brocade form this draped evening wrap, the design of which is well suited to the material.

A yoke and sleeve in one form the upper part, the yoke extending to the waist line in front, and the lower part is slightly gathered to the yoke and draped up in front, to give the much desired tapering outline to the skirt. A lining of black satin is unusual but effective, and the neck trim of black panne velvet is wired to make it stand erect.

gas with which by-product gas would not be able to compete. Many Connellsville coking operations were built at beehive ovens because the operators could not finance a plant built of the expensive by-product ovens. The latter are perhaps profitable for the production of coke from mixed low-grade coals, but it is questionable whether all things considered the beehive oven is not the most economical proposition in this region.

"I have in mind a by-product plant operating on mixed coals and the cost of its coke laid down in the Chicago market is estimated by an expert as follows, counting 14 tons of coal for 1 ton of coke: Mining coal, \$1.00;

freight, \$3.00; oven and coking cost, 20c; repairs and depreciation, 6c; coal in the hill, 36c; total, \$1.64; loss value of by-products, \$1.00; net cost, \$3.43. This includes nothing for interest on investment, or for that margin of profit which the manufacturer should have. Add these and there does not seem to be much advantage in the by-product proposition, especially if it is further considered that the Connellsville beehive product is more valuable because of its superiority.

"The trouble with the Connellsville coke supply is due to shortage of labor. If our ovens were by-product and could be operated with less men we would undoubtedly be able to manufacture enough coke to meet all demands; but it is too late now to talk of by-product plants in the old portions of the Connellsville region. The dismantling of the old beehive plants and the substitution of by-product plants would be worse than folly. Perhaps there may be room in the new Greene county coking field for the by-product plants, but not in the limits of the Connellsville field."

READY FOR HOMESTEAD

Local High School Eleven Practices Scrimgage for Tomorrow.

Connellsville High's eleven, yesterday afternoon, had its first scrimmage since the name with California Normal, last Saturday. The snap and dash of the boys were gratifying to Coach E. B. Smith, and he expressed confidence in the team's ability to practice that his pupils will give Homestead a hard battle, tomorrow afternoon.

Homestead, however, will come rushed with a 21-0 victory over Swislowville High and a low score game with the crack East Liberty Academy eleven, and a battle royal is predicted in the clash with High. A bit of interest along with the fact that tomorrow will bring Homestead High for its first game on a Connellsville field, will be the appearance of Prof. W. F. Deffenbaugh, Homestead High's principal and former Connellsville High professor.

The lineup for the contest will be: Homestead.....left end..... Addis Marshall.....left tackle..... Kell Foster.....left guard..... Meyer McNaley.....center..... Cox Reihus.....right guard..... Wingrove Workman.....right tackle..... Moore Israel.....right end..... McCormick Davis.....quarterback..... Moore Lindsay.....left half..... Foulis Kelly.....right half..... Foulis Miller McLean.....fullback..... Rhodes The game will be called at 3 o'clock.

Vanderbilt Club to Meet.

The Saturday Afternoon Club of Vanderbilt will meet tomorrow afternoon at the home of Miss Amanda Strickler at Vanderhill. A feature of the program will be a debate, "Resolved That Woman Should Have the Right of Suffrage." The program will be interspersed with musical numbers. Miss Alpha French is leader.

AT THE THEATRES.

THE SOISSON.

THE FORTUNE HUNTER.

That the naturalistic modern play, of real life and characters who are not impossible, is the kind that is surest of winning popularity those days has been proved by the success of "The Fortune Hunter," by Winchell

A Scene from "The Fortune Hunter."

Smith which comes to the Soisson theatre tonight.

The story is that of a young city chap, Nat Duncan, who, in desperation over his ill-luck resolves to marry a rich girl for her money and goes to a country town to look for her. He finds the girl—a rich one—also another, and—that's where the plot comes in. There are pictures of rural life, with some funny scenes in a village, drug store and some quaint character studies, humor prevailing, but paths giving a serious touch to it all.

THE COUNTY SHERIFF.

One of the strongest popular price plays that will be presented here this season is "The County Sheriff." The plot is novel, the central idea is clear, and the incidents are worked up with a degree of skill and good taste that are unimpeachable. Its humor is one of its best qualities. Through out the four acts, one breathes everywhere the fresh, crisp air of the Western plains. It will be produced with a capable cast and beautiful scenic equipment at the Soisson Theatre, tomorrow afternoon and night.

THE UNITED STATES STEEL CORPORATION'S EARNINGS

For the Third Quarter Over \$20,000,000. Indicating \$114,000,000 for the Year 1912.

NEW YORK, Oct. 30.—The American Metal Market and Daily Iron & Steel Report will say tomorrow morning:

The United States Steel Corporation's total earnings of \$20,953,512 in the third quarter, against \$25,192,365 in second quarter, and \$17,826,873 in first quarter, reflect what was known in the trade, namely, that shipments were about the same in the third as in the second quarter, while average realized prices were between \$1 and \$2 a ton higher. For fourth quarter shipments will be larger, and realized prices will show a further gain at least as large, from which it may be forecasted that the earnings will be \$26,000,000 or \$27,000,000, which would

make \$108,000,000 or \$110,000,000 for the year.

There has been, if anything, an increase in the pressure for deliveries of finished steel products, resulting in premiums being more commonly paid. This, however, gives larger profits only to the smaller mills. Neither the Steel Corporation nor the large independent are accepting premium business.

Car orders this month total at least 30,000 cars. Plates for these have been placed largely at 1,40c, though considerably higher prices have occasionally been paid. Car orders in October almost equaled the total for the three preceding months, and the car shops are filled through March at their present rate of operations, about 80 per cent of full capacity.

The large steel interests are strongly set against any further advances in steel prices, and will probably be able to maintain this position, irrespective of prices going on prompt delivery

material. Exceptions to this attitude may perhaps be found in shifting and in in plates, which may advance soon.

FOREWORD

Always, we suppose, there will be people who will be foolish enough to buy merchandise solely from the cheap look of the price tag, forgetting that the cheapest thing about much merchandise is the quality of it.

People of that kind always need a store in which they cannot go wrong.

We have such a store.

People who know will recognize it.

But even good merchandise must have more than quality and a fair price to get it before the most people.

It must be in fashion.

Fashion presides in matters of dress, amusement, home adornments, holidaying—and the wisest of men and women are puzzled to give the reasons for it.

Yet the fact is accepted—"one might as well be out of the world as out of the fashion."

So, reliable merchandise, fair prices, courteous and intelligent service and a close relation with fashion centers to keep our customers face to face with the latest of everything.

Wright-Metzler Company.

Girls' and Women's Most Stylish Johnny Coats

\$12.00 for any . . . \$15.00 Coat.
\$15.00 for any . . . \$19.75 Coat

These genuine Johnny Coats—one-piece back styles—are a recent shipment, the tail-end of the purchases made while our buyer was East. We paid less for these than we did for identical ones purchased early last month.

With the new ones in the majority, all others in stock were price-lowered to \$12 from \$15 and \$15 for values to \$19.75. Our good luck, you see, has been extended to our customers.

Sizes range from 13 to 35.

Colors are the popular black-and-white, navy-and-white, tan-and-white combinations and mixed tones.

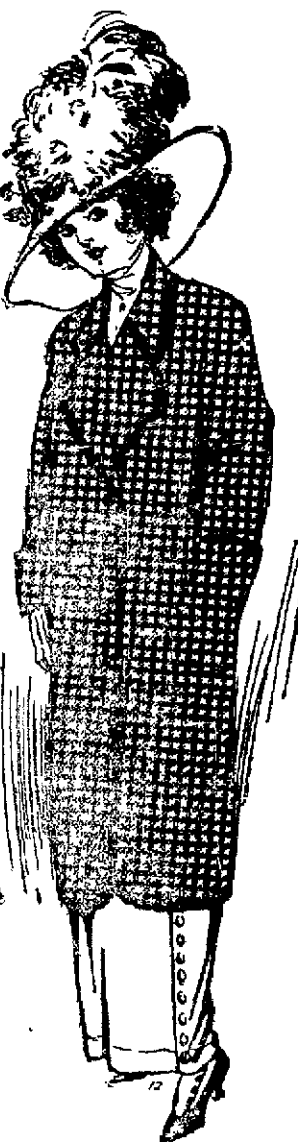

Some are full-lined, others lined to the shoulder and those in the heavier fabrics have no lining.

Materials are French boucle, novelty and mixtures and chinchilla.

Collars are Robespierre style mainly, of velvet, satin or broadcloth in two-color effects.

It's with great pleasure indeed, that we offer to our customers (and those whom we are likely to make permanent customers)

THEIR CHOICE OF SUITS For \$25
(Woman's and Girls' Sizes)
of models originally marked \$29.75, \$28.50 and \$27.50.
(Special sizes for stout women not included.)
